

13th International Workshop on the Physics of Compressible Turbulent Mixing, UK, 16-20 July, 2012

We write to offer you an update on the preparations for the 13th International Workshop on the Physics of Compressible Turbulent Mixing (IWPCTM13) Conference which will be held at The Sculpture Gallery, Woburn, England, from Monday 16 to Friday 20 July 2012.

Abstract submission: date extension to 20th February 2012

The response to abstract submission has so far been extremely good and we thank those who have submitted abstracts. However, further participation in the workshop will be very welcome and the organisers have decided to extend to abstract deadline to February 20th. A note advising this extended date has been posted on the Conference website 'home page', <http://www.iwpctm.org/iwpctm13/index.php>

Conference Registration – request for your personal registration details

We are keen for all those who have submitted abstracts to register their details, for attending the Conference, on the website, as this information will greatly assist us for organisational purposes.

If you haven't already done so, please would you complete your registration details at your earliest opportunity. The web link is <http://www.iwpctm.org/iwpctm13/register.php>

The registration fee can be paid later (Full registration fee £550; Student fee £360) and includes the opportunity for everyone to attend the Conference banquet. In order to assist us with our planning, we would appreciate it if you could confirm your availability to attend the banquet.

We will be offering the opportunity for anyone accompanying delegates to attend the banquet. Details will be posted on the web site once the cost of this has been determined.

We thank you for your help with this and look forward to welcoming you to the Conference in July.

From the Local Organising Committee:

Dimitris Drikakis, Chairman (Cranfield University) Jayne Boothman, Event Co-ordinator, (Cranfield University) Stuart Dalziel (Cambridge University) David Youngs (AWE) Robin Williams (AWE)
